

LARGE DRAMIX WAREHOUSE FACILITY

Manggahan Light Industrial Park, Manila, Philippine

A 17.000m² warehouse owned by LBL Prime Properties Inc in Manila. This project is awarded to our accredited flooring contractor, Nippontech, who did a good job in casting the slab on grade solution for the owner. Dramix 3D 80/60BG was used in this project with guidance from Nippontech to ensure that the subbase and the gravel bed was prepared well before the execution of the floor. Subbase preparation is key to the success of any slab on grade project and ensure longevity and performance from the product. Well done to Nippontech.

Technical solution

- Dramix 3D Fibre only
- 190mm Slab

Benefits

High quality finished product
Fast installation
Cost effective
