

# DRAMIX ONLY FOOTINGS

Dramix optimized footings for Bunnings Joondalup

During the construction process BOSFA were asked to review the current reinforcing for the footings and if we could replace with Dramix fibres. BOSFA assessed all the footings and a Dramix fibre only solution was proposed and accepted by the builder.

The Dramix footings saved well over a week in fabrication time for the cages and significantly speed up the construction process.

## Technical solution

- Dramix
- No Reo
- 32MPa
- Bending moments satisfied

## Benefits

- No fabrication of cages
- No Cranage for cages
- Speed of placement
- ease of placement
- Dollar savings
