

ELIZABETH QUAY – PERTH

Dramix supporting some of Perth’s iconic locations

Elizabeth Quay is a mixed-use development project in the Perth central business district. Located on the north shore of Perth Water and centred on the landmark Swan Bells, it was named in honour of Queen Elizabeth II during her Diamond Jubilee.

BOSFA and Dramix are very proud to have been involved in this iconic project, construction of the SFRC slabs started in 2012 and completed some 12 months later. As you meander around this fantastic precinct, be rest assured you are walking on Dramix SFRC concrete pavements, clad with magnificent locally sourced granite paving. Even the curved steps and seats are all resting on Dramix SFRC.

Technical solution

- Dramix 3D
- Standard saw-cut configurations with more flexible joint layouts
- No reinforcing mesh
- 32 MPa concrete

Benefits

- Flexibility of design
- Less joints
- Improved slab capacity
