

# FOOTINGS WITH NO TRADITIONAL REINFORCEMENT

Dramix 5D – Pad Footings & Strip Footings

Dexus 12,000m<sup>2</sup> warehouse utilised Dramix 5D for all foundations, eliminating the need for any traditional reinforcement.

## Technical solution

- Dramix 5D
- No traditional reo
- Speed and efficiency

## Benefits

Dramix 5D allowed for significant speed up in Construction time, with no cage reo required 10 x Pad Footings were poured per day in less than 2hrs.

The proven success of the Pad Footings then created requested strip footing design changes by Qanstruct – Moment Capacities proposed c/o Design Management, approved by Qanstruct & Strip Footings also completed in Dramix 5D.

Speed and efficiency are key aspects of using Dramix 5D in your next project
