

NO COSMETICS REQUIRED FOR DRAMIX STEEL FIBRE SLABS

No imperfections in these slabs that need covering with the world leading makeup brands they are supporting. SpaceFrame know they can always rely on Bess Concrete to produce the highest quality Dramix steel fibre slabs, and that's exactly what they got on the new L'Oreal facility at Redbank. The finish is worthy of being associated with these iconic brands.

Developer: – Goodman
Builder: – SpaceFrame
Engineer: – SpaceFrame
Premix Supplier: – Holcim
Contractor: – Bess Concrete

Technical solution

- Dramix Jointless
