

RETAIL SPACE

Retail Industrial slabs with Dramix

Have you ever wondered how Dramix (SRFRC) would perform in a retail space? If so, head down to the Spud Shed in Baldavis. Project was constructed with large panel pours and utilised Dramix 3D fibres. A fantastic finish was achieved and now over 12 months old the slabs look immaculate. Well done to the builders: PS Structures
Well done to the concrete contractors: S&C Concrete

Technical solution

- Jointless Slab
- Dramix 3D
- 40MPa
